EXHIBITION CATALOGUE

MOTORCYCLE APPAREL & FOOTWEAR — 2026

SGR® — A BRAND OF WHITELAND INDUSTRIES (PVT) LTD

The complete SGR® range in one book: airbag, leather, textile, hoodies, trousers, bodyshield, rain, puffer and denim — plus the full 34-style boot collection.

Every garment shown on the rider, the way it is actually worn — with its full technical specification — fabrics, membranes, ratings, construction — exactly as built.

71 styles. One standard: ride bold, stay fully protected — engineered and manufactured by WhiteLand Industries.

THE BRAND

BUILT FOR THE RIDE. BACKED BY THE FACTORY.

SGR® · WHITELAND INDUSTRIES (PVT) LTD

SPIRIT GEAR is a leading global manufacturer of premium biker apparel, based in Sialkot, Pakistan, and built for riders who demand performance, comfort and uncompromising style. From high-performance leather jackets and textile gear to gloves and accessories, every piece is crafted with precision using top-grade materials and modern technology.

What sets SPIRIT GEAR apart is complete control — its own tanneries, its own accessories manufacturing, even metal zippers, buckles and belts made in-house. The result is exceptional quality, smart technology integration and accessible pricing, delivered to distributors, retailers and riding communities worldwide.

THE MANUFACTURER

WHITELAND INDUSTRIES

SGR® · WHITELAND INDUSTRIES (PVT) LTD

Every SGR product in this catalogue is designed, cut, stitched and finished by WhiteLand Industries in Sialkot — a city that supplies much of the world's motorcycle and sporting goods, and where WhiteLand has manufactured since 1990.

Company	WhiteLand Industries (Pvt) Ltd — manufacturer of the SGR / Spirit Gear brand.
Established	1990, Sialkot, Pakistan.
Workforce	450 employees (owner-stated figure).
Facilities	Capital Road headquarters and plant, Sialkot — cutting, stitching, finishing, QC and export packing under one roof.
In-house capability	Own tanneries; own accessories manufacturing; metal zippers, buckles and belts produced in-house.
Certification	ISO 9001 certified production.
Protection testing	Protectors tested on SATRA and CNC equipment (impact energy and residual force).
Export markets	United Kingdom, Germany, Holland, Italy, Austria, Spain, Japan, Russia, USA and Brazil.
United States	1108 Kelez Drive, San Jose, California.
Contact	info@whiteland-ind.com · +92 345 848 8000 · www.whiteland-ind.com

THE SPIRIT GEAR STANDARD

BUILT FOR THE ROAD. PROVEN IN EVERY STITCH.

Spirit Gear is not a label sewn onto somebody else’s work. It is a factory, a tannery and a riding culture under one roof in Sialkot — where every jacket, trouser and boot in this book was cut, stitched and finished by the people who stand behind it. We build the way riders actually live: bold on the road, uncompromising underneath.

SGR® — SPIRIT GEAR · BY WHITELAND INDUSTRIES · EST. 1990

INSIDE OUR FACTORY

MADE UNDER ONE ROOF

Since 1990, WhiteLand Industries has run the full chain in-house — its own tanneries, its own accessories manufacturing, even the metal zippers, buckles and belts made on site. Protectors are tested on SATRA and CNC equipment before a style earns the SGR® name, and the finished range ships to riders in ten markets: the United Kingdom, Germany, Holland, Italy, Austria, Spain, Japan, Russia, the USA and Brazil.
